WOMEN'S VOTE APPEARS TO BE LARGEST ON RECORD IN BOSTON

Voters Turned Out in Large Numbers
Despite Steady Drizzle—Sen. Lodge
Voted Early This Morning—Great
Interest in Election Contests Through-
out Country—Heavy Voting

BOSTON, Nov. 7.—An unusually heavy
vote was predicted in this city today
as early voters, despite a steady driz-
zle, went to the polls in large num-
bers. Police estimates based on city-
wide reports said that the women's
vote appeared to be the largest on re-
cord and that approximately one-third
of the registered voters had cast their
ballots at 9 o'clock.

The rain slackened during the morn-
ing and weather bureau officials
looked for clearing skies later in the
day.

Senator Henry Cabot Lodge, a candi-
date for re-election, cast his ballot
at the town hall, Nahant, this morn-
ing. Vice President Coolidge and
Mrs. Coolidge voted in Northampton,
their home city.

MISS ROBERTSON SEEKS RE-ELECTION

MUSKOGEE, Okla., Nov. 7.—Miss
Alice Robertson, of the second Okla-
homa district, the only woman member
of congress, sat quietly today await-
ing the outcome of what she says is
her last political fight. She is seeking
re-election on the republican ticket.
"Regardless of victory or defeat,"
she said, "under no circumstances will
I ever seek office again."

Her opponent is W. W. Hastings of
Tahquah, whom she defeated two
years ago when he was seeking a
seat in congress.

RAIN FAILS TO HALT VOTERS

NEWARK, N. J., Nov. 7.—Voting in
the general elections in New Jersey to-
day was reported as heavy in most
sections. A drizzling rain in some
cities failed to keep away even the
women voters. The prohibition issue

BODIES OF 50 MINERS RECOVERED, 13 OTHERS ARE IN SIGHT

112 in Reilly Mine at Time of Explosion
—32 Rescued Alive Are Now in
Hospital—Total Accounted for 95—
Number of Dead May Reach 80

SPANGLER, Pa., Nov. 7. (By the
Associated Press).—The bodies of 50
miners who lost their lives in the
Reilly mine explosion here yesterday,
lay in this temporary morgue at 9
o'clock this morning. Thirteen more
were in sight in the mine, rescue work-
ers said, and 32 injured were in the
miners' hospital.

Leaders of the rescuers summarized
the situation at that hour as follows:
Men in mine when explosion occurred,
not more than 112.

Bodies recovered 50.
Bodies located in mine 13.
Injured in hospital, 32.
Total accounted for, 95.

There was still some uncertainty as
to the number of men who went to
work yesterday, but it was pointed out
that if the total was 112 as some au-
thorities believed, the missing 17 mi-
ners would probably be found in the
eighth heading where the water had
risen so rapidly that exploration had
to this morning been impossible. Even
if these men had gone into the mine,
it was asserted, they had probably per-
ished.

If that proved true, the leaders said,
the number of dead would reach 80.
Efforts were being made to repair
the pumps, damaged by the explosion,
while a force of workers were cutting

a passageway through the coal between
the eighth and ninth headings. With
this work complete, they hoped to reach
the last of the unexplored galleries by
noon today.

State Troops on Duty
The grim task of removing the dead
started about 2 o'clock this morning
after widows and children of the mis-
sing men had been induced to return
home. They stood in the misty rain all
through yesterday.

Six state troopers patrolled the area
about the mine mouth and kept the
hundreds of curious persons away.
Red Cross and Salvation Army work-
ers from Pittsburgh, Altoona, and
Johnstown were on hand distributing
coffee and sandwiches to the rescue
squads as they came to the surface with
their burden of death to replenish their
oxygen tanks for a new exploration of
the muddy pits.

Five times an explosion has oc-
curred in this mine but the other four
did not register a fatality.
Damage to the mine itself was not
great, officials announced. They would
not issue a statement as to the cause
of the explosion but they did say that
the mine had been examined and re-
ported free of gas just a short time
before the explosion.

POLICE MAKE CLEVER CAPTURE

Climbed Down Skylight of
Lynn Jewelry Shop and

Jewelry Valued at \$300
Nearby—Revolver in His
Possession

LYNN, Nov. 7.—Patrolmen who
climbed down the skylight of an An-
drew street jewelry shop early today,
found a young man crouched beneath
the cellar stairs. Near him was a
pasteboard box containing jewelry
valued at between \$200 and \$300. In-
vestigation showed that the safe-door
had been sawed off.

The man, who gave his name as Ed-
ward W. Samok of Brooklyn, admitted,
the police said, having broken into a
postal sub-station in East Lynn two
weeks ago when \$300 in stamps and
cash were taken.

Samok was held on a charge of
breaking, entering and larceny. A
loaded revolver was found in his pos-
session.

SUES FOR LOSS OF HUSBAND'S LOVE

Claiming that she has lost the love
of her husband through false and ma-
licious statements made by John Eaton
of Chelmsford and that her good name
can only be restored by a jury, Mrs.
Eaton C. Neves, also of Chelmsford, has
brought suit against Mr. Eaton in
the sum of \$5000 in an action of tort,
and the case went to trial this morn-
ing at the jury session of the superior
court, Justice Cox presiding.

Mrs. Neves alleges that in Decem-
ber, 1920, and January, 1921, the de-
fendant made false and malicious
statements against her and that as a
result she has been and is now be-
ing deprived of the love of her hus-
band.

The case of Harry G. Sleeper vs. Al-
fred B. White and Clarence B. Barnes,
an action of contract by which the
plaintiff seeks to recover his share of
counsel fees in a bankruptcy case,
which was started last Wednesday, was
suspended this morning and it will be
resumed as soon as the case now being
tried, is completed.

Jury Waived Session
At the jury waived session of the
superior court, Justice Sisk presiding,
the case of Hopewell vs. Postal Tele-
graph Cable Co., of Massachusetts,
which is the result of an automobile
accident, and which went to trial yester-
day morning, was resumed this
morning and it was stated that it might
take up the entire day. As soon as
this case is completed the court will
take up Lowell divorce cases.

ELECTION RETURNS ON SUN BULLETIN

Tonight, as soon as election
returns begin to come from the
state, The Sun will commence a
stereoscopic bulletin service that
will be continued until well into
the night. An effort will be made
to obtain the entire city vote at a
reasonable hour, although au-
thentic reports of all contests will
be flashed on the screen, without
waiting for the complete tabu-
lation.

Inasmuch as a direct Associ-
ated Press wire will be open in
the office until midnight, returns
from all over the state will be
available and will be put out in
bulletin form as soon as received.

BENEFIT FUND COUNTED

Forget-Me-Not Day for Dis-
abled World War Veterans,
Big Success

Lowell went over the top again.
The Saturday campaign for funds
to aid the disabled veterans of the
World war, backed by Lowell friends
old and young, was highly successful.

Nearly \$1600 was collected on the
streets, in stores and other places by
children volunteering for the work.
The campaign was a winner, although
the figures did not quite reach the
figures listed last year, but no one
complaints. The Legion met with a
counter attraction or two Saturday,
and the campaigners were able to col-
lect funds in but one theatre, which
prevented the gathering of additional
funds.

It took the counting committee of
veterans, Commander Harry E. O'Sul-
livan, Ezra Bowden, Thomas Sexton,
John F. McCardle, Ralph Dodge and
Edward H. Sullivan, just nine hours

DATES SCHEDULED FOR COMING EVENTS

The board of trustees of the Memo-
rial Auditorium met last night and
granted a number of dates for coming
events in the building. A permit was
granted for a series of Joseph Greeley
Parker concerts to take place in Li-
berty hall Sunday afternoons. The first
will be held on December 10 and the
last on February 26, according to the
present schedule. A permit was granted
to the police to hold their an-
nual ball on January 2. This will be
the night after the Lowell Advertis-
ing club's banquet and ball which is
to be held on New Year's night, for
which a permit was also granted. The
Lowell Elks memorial exercises will
be held on December 2.

Kemalist demand for the evacuation

MAYOR SAYS WILSON MUST BE PAID

Sutton P. Wilson once again bobbed
into the limelight at city hall when
his name was brought into a discus-
sion staged between City Auditor
Martin and Mayor Brown this morn-
ing. Following the conversation, May-
or Brown told the press that he would
for services rendered a month's salary
to hire counsel to carry on Mr. Wil-
son's case so that he got his
money.

It is understood that a payroll has
been made up with Mr. Wilson's name
on it which calls for the payment of
\$150, the salary alleged to be due him
for services in the ash and waste de-
partment during the warm months of
the year. Following the controversy
today the mayor sent Mr. Martin a let-
ter in which he ordered that \$100
of the appropriation credited to the
ash and waste department be with-
held until the Wilson matter could be
ironed out. The payroll that is under-
stood to be made up has been signed
by Michael Harrington and the city
engineer. It is said that it has not
been signed by the chairman of the
board of public service.

Mr. Martin refused to authorize the
payment of the money as he believes
that the payroll has not been properly
signed.

When interrogated relative to the
matter this morning, he said that he
was acting as he believed in accord-
ance with the provisions of the
charter.

Wilson worked in the ash and
waste department from July 2 to
July 29 or it is said that he reported
to the department during that
time. He worked in the department
from July 2 to July 5 and following
this period the board of public ser-
vice was ousted by the mayor. A
temporary board was then appoint-
ed. Before Mr. Wilson could get his
money the old board was reinstated
and when it came to approve the
payroll it ordered Wilson's pay be
held up. Following this a payroll
was signed by the chairman of the
temporary board but this was held
up and has not been released.

On August 3, the city auditor re-
ceived from the civil service commis-
sion a request that Wilson's pay from
July 2 to July 29 be released. It is
said that he fulfilled all requirements
of the civil service.

The pay has not been released be-
cause Auditor Martin thinks that the
requirements necessary for the release
have not been complied with.

STATE ELECTION BRINGS OUT ONE OF HEAVIEST VOTES IN HISTORY

Early Morning Poll Indicates Record
Turnout of Lowell Men and Women
Voters—Interest in Many Fights—
Large Ballot Makes Slow Counting
and Returns Are Likely to Be Late

One of the largest votes in the his-
tory of the city is being cast today.
The grand total will be in the neigh-
borhood of 30,000 if the per hour vote
of the precincts is maintained until the
closing of the polls at 4 p. m.

Interest in the state ticket, in the
election of a United States senator,
in the choosing of a district attorney,
in the Plan 15 question and in local
congressional, representative and sen-
atorial fights seemed fairly equally
divided and each is proportionately
responsible for the size of the poll.

While the location of some polling
places has much to do with the size
of the morning vote, it is generally
larger than usual and in many places
the largest within memory at mid-
forenoon.

As early as 10:30 o'clock one-third
of the vote was out in a number of
precincts and other voters were com-
ing in a steady procession.

The largest vote found on a tour of
the 31 city precincts was in precinct
2 of ward 8, at the Laura Lee school
in Plain street, where 624 ballots were
in the box at 11 o'clock. This pre-
cinct has a registration of 1715.

Precincts 1 and 2 of ward 3 at the

PROSECUTOR MOTT INVESTIGATES PLOT TO PROTECT MURDERERS

Ready to Prosecute Those Found Guilty
of Alleged Attempts to Obstruct
Justice in Hall-Mills Murder Case—
Definite Action in Case Before the
Week Ends

NEW BRUNSWICK, N. J., Nov. 7.—
Investigation of reports of a plot to
obstruct justice in the Hall-Mills
murder case and to protect the mur-
derers was under way here today.
Special Deputy Attorney General Wil-
bur A. Mott, who expects to seek the
indictment of the "Woman in Gray,"
the latter part of the week on the
strength of the eye-witness story of
Mrs. Jane Gibson, is said to feel that
the inquiry has been hampered by the
refusal of some of the witnesses to
tell all they know. Others, it is said,
have placed obstacles in the way of

the investigators and Mr. Mott in-
tends to prosecute them on charges of
being accessories after the fact. In the
event he finds evidence supporting the
report.

Definite action was promised by Mr.
Mott before the week ends and this
was taken to mean that the case
would be presented to the grand jury
Thursday or Friday.

There was talk of social and polit-
ical influence hampering the investi-
gation some weeks ago just before
Mr. Mott took charge of the inquiry.

CITY DEBT LIMIT CLOSE TO VANISHING POINT

The city debt limit has reached
one of the lowest points ever touched
in the history of the city. At the
present time, taking the first of the
month into consideration, the city's
borrowing capacity is only \$151,007.
The city debt limit rarely goes this
low and it is said by clerks who
have been in the hall for years that
this is the lowest figure it ever ap-
proached.

During the present year the city
has borrowed \$562,500. A short time
ago, two paying loans for \$50,000
each and a \$20,000 loan were put
through. At that time the city's
credit was a little more than \$120,-
000. With this \$120,000 wiped out, it
brings the mark down to a danger-
ously low point.

During the two months that are to
come this sum will be brought up
through interest payments. The month
of November will bring the figure up
by about \$10,000 while December will
bring it up by about \$14,000. Regard-
less of these facts at the present time
the borrowing capacity is less than
\$5000 excluding the special things for
which money may be borrowed under
legislative acts.

U. S. SEN. McCORMICK SAILS FOR FRANCE

NEW YORK, Nov. 7.—Senator McCall
McCormick, chairman of the republi-
can senatorial committee, sailed today
on the Mauretania with Mrs. McCor-
mick for France. Senator McCormick
said that he would investigate econ-
omic conditions in Europe and how the
United States might help in its eco-
nomic rehabilitation.

"If the countries of Europe are sin-
cere in their determination to bring
about an economic recovery," he said,
"they will find many 11th century
who stand ready to help, although we
are opposed to any political alliance
with European powers."

SAID TO HAVE POISONED FOUR HUSBANDS

CHICAGO, Nov. 7.—Investigation of the life of Mrs. Tillie Klinek, who according to the police, is believed to have poisoned at least four husbands, was extended today to include other late relatives of the woman.

Her present husband, Joseph Klinek, is seriously ill from poison. He recently had his life insured.

In the body of Frank Krupka, another husband, was found enough poison "to kill four men," according to a coroner's physician.

Plans were made to exhume the bodies of John Ruskaski and Joseph Mikrowicz, former mates of the woman.

Meanwhile Harry Subla, a cousin of the accused woman, told the state's attorney's office of the mysterious death of his sister Rose, who died after attending a dinner at Mrs. Klinek's home. When Subla's story was told, Elizabeth Wyczkowski, another cousin, said her two sisters and a brother died under mysterious circumstances after they dined at the Klinek home.

The two cousins said to have the bodies of their relatives exhumed for examination.

FLAG MUST NOT BE LET DOWN, SAYS EX-PREMIER

NEWCASTLE, Nov. 7 (by the Associated Press).—Lloyd George made some sharp references to the crisis which has arisen in the Near East since its fall from the premiership in the political address which he delivered before a large assemblage here today.

"The Near East is beginning to show symptoms of inflammation," he said. "Whatever happens, our flag must not be let down."

Later on in his speech, the little Welshman said: "We had got rid of the Turk, but he has looked at the list of new ministers and come to the conclusion that this is the time for another try."

"If the government stands by the flag, my friends, I will be wholeheartedly behind them," Lloyd George said.

TO STOP COAST TO COAST SHIPPING

WASHINGTON, Nov. 7.—The Shipping board was urged today by the chamber of commerce of the United States, to discontinue the use of government-owned ships in service between Atlantic and Pacific ports.

In a letter to Chairman Lasker, Julius H. Barnes, president of the chamber declared the coast to coast shipping was provided with adequate private-owned tonnage and recommended against government effort entering into competition with private enterprise under present conditions.

Drawn from actual photograph of little May Janette Martin, daughter of Mrs. J. Claude Martin, 1951 Felix Ave., Memphis, Tenn.

While her Daddy was away in the War

LITTLE MAY JANETTE was a "war baby" born while her father was in the service. Mrs. Martin, finding it necessary to return to her work, started her baby on Borden's Eagle Brand Milk. As May Janette's five little cousins were brought up on Eagle Brand, naturally Mrs. Martin had great confidence in it. And with good reason. For May Janette—now three-and-a-half years old—"is strong, sturdy and full of life and energy" her mother says.

Don't experiment with your baby's food. Eagle Brand has been the standard infant food for many years. Countless mothers, like Mrs. Martin, have found that it made their babies strong and well. Thousands of physicians have recommended it for babies who were underweight and undernourished. For Eagle Brand is very easily digested.

Actually Borden's Eagle Brand Milk contains nothing but pure milk and pure sugar. It is the natural food if mother's milk is not available. It is always pure and uniform. You can get it anywhere.

Tune In on Grand Opera! Chicago Company Plans Broadcasting Classics

(By N.E.A. Service)
CHICAGO, Nov. 7.—Get ready to tune in on grand opera!

Prolonged attempts to get the co-operation of large opera companies with radio broadcasting organizations have finally been successful. On the evening of Nov. 13 the Chicago Opera company will give its first complete radio opera, the first ever to be broadcast by wireless.

The opera selected will be "Aida," and Rosa Raisa, famous Russian soprano, will sing the title role. Impresarios and music critics the country over have wondered over the possibility of sending out grand opera by means of other waves. Some of them doubted its practicability. But many expressed their curiosity to see how such an experiment would be received by the radio public.

First efforts to broadcast grand opera were made through the Metropolitan Opera company in New York. But nothing was done and the New York company finally decided it would not send out any of its operas by radio.

The experiment here is receiving the hearty co-operation of the Chicago Opera company officials and the artists. "Aida" will be presented in the Auditorium theatre on the evening of the 13th, and it will be from there that the music will be sent to the broadcasting station of KYW and out into the air for reception of radio fans who can tune in on this station.

Opera selections were broadcast last year, through station KYW and by artists of the Chicago Opera company, intend to broadcast this season.

WITHDRAWS LOVE SUIT

Rather than reveal secrets of her past, Mrs. Maude Ceballos, known in musical comedy as Alona Desmond, "Dresden China Girl," has withdrawn her \$100,000 love suit against Clifford R. Hendrix, wealthy New York broker. The "Dresden China Girl" quit when lawyers showed that she had sued three men for breach of promise and had figured in three divorce cases.

KEEP CHILDREN OFF STREETS

Keep your children off the streets by interesting them in radio.

Or, if you can't afford a radio set, try to get the community interested in the safety of the children by this means.

The plan has already been tried with success in New York. Teachers of Athletic Centre 82 got together and installed a radio receiving instrument with a loud speaker in the courtyard.

After their school hours the children gathered for athletic practice and were surprised to hear the returns of the world series. They told their chums who had decided to stay out and play in the streets around their homes.

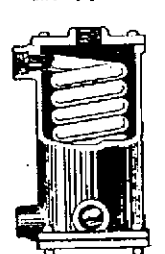

The next day the athletic centre was crowded with eager children.

And the streets were cleared for vehicle traffic.

TO the owners of gas storage water heaters:

TACO

WATER-HEATER
Use the heat you have already paid for.

TACO can be attached to any heating plant. The external TACO (shown above) is designed for steam or water heaters. The Universal TACO, for hot-water and hot-air furnaces, is set in the fire pot itself. TACO comes in different sizes to fit the requirements of any home. Price \$15.00 and up, plus installation. Write for booklet.

DEALERS:

DURING the summer you enjoy plenty of hot water for washing and bathing. Turning the gas heater on and off is but slight trouble.

But in winter you are burning up unnecessary money if you pay gas bills for heating your domestic water when you can use heat you have already paid for—the fire of your heating boiler.

Let your heating boiler do double duty. This winter your Plumber or Heating Contractor can attach a TACO Water Heater to your boiler and connect it with your storage tank. The boiling water or steam from your heating boiler passes through TACO and heats the inner coil of domestic water.

Your storage tank is thus filled with an even temperature of hot water day and night. Once installed TACO requires no attention. And the money you save in gas bills will run your gas heater all summer!

Telephone the nearest Plumber or Heating Contractor today for an estimate. It costs you nothing to find out. And TACO, completely installed, costs you surprisingly little.

If you haven't TACO in stock, your jobber or the nearest branch office of the leading boiler and radiator manufacturers can supply you.

RADIO IN FACTORY

Radio has entered the factory. One large British factory has had a radio set installed in the main workroom so that the employees may listen in on a concert while at work. Other firms have installed radio sets in their employees' restaurants and rest rooms.

AMATEUR LIST GROWS

That interest in wireless has grown considerably is shown by the fact that, in the last 15 months the number of amateur stations in the United States has increased by more than 30 per cent. There were 10,800 licensed amateurs on June 30, 1921, and 16,467 on Sept. 1, 1922.

HIG RADIO DEMAND

The enormous demand for radio products in the United States may be surmised from the fact that production increased 11 times from 1914 to 1919, reports the United States bureau of standards. The estimated value of apparatus made during 1921 has been placed at \$100,000,000.

Can baby's milk be too pure?

The answer to above question will appear in this space tomorrow.

Yesterday's Question: Would you use crude salt on eggs?

The Answer: Certainly not. Crude salt is filled with foreign matter such as gypsum, calcium chloride, magnesium chloride, etc. That's why every grain of salt that goes into Bond Bread must first be refined free from these impurities. The "home-made" flavor means too much to risk using a cheaper grade of salt.

Wallace Nutting, known the east over for his exquisite colored landscapes, gave the members of the Middlesex Women's club one of the most delightful afternoons imaginable yesterday, when he entertained with his illustrated lecture on interiors and exteriors of New England houses.

Naturally Mr. Nutting featured period furniture in his interiors, all dating back to the 17th century and his slides showed many beautiful chairs and other standard articles included in collections of New England men and women.

For variety several landscapes were thrown on the screen, one being his own sheep farm and apple orchard. He declared being an artist and said he simply is a clergyman turned out to grass by the doctors.

Sure Way to Get Rid of Blackheads

There is one simple, safe and sure way that never fails to get rid of blackheads, that is to dissolve them. To do this get two ounces of calomel powder from any drug store—sprinkle a little on a hot, wet cloth—rub over the blackheads briskly—wash the parts and you will be surprised how the blackheads have disappeared. Big blackheads, little blackheads, no matter where they are simply dissolve and disappear. Blackheads are a mixture of dust and dirt and secretions that form in the pores of the skin. The calomel powder and the water dissolve the blackheads so they wash right out, leaving the pores free and clean and in their natural condition.—Adv.

NO EVIDENCE AGAINST PRETTY GYPSY GIRL

A band of gypsies located in Market street a few days ago and already complaints have reached police headquarters of their mercenary visitations to the stores of unappealing merchants in this city. This morning a resident of the French district called upon the police to arrest a very pretty female member of the itinerant little family of peripatetic visitors to our city. She was charged with the theft of \$20, which, he alleged, she had extracted from his person under the guise of telling his fortune.

The local man told police authorities that the girl, who was very captivating, entered his establishment early this morning and volunteered to reveal the secrets of his past, present and

future, the only provision being that she be allowed to conceal his "roll" in a handkerchief, which she conveniently carried for that purpose. Taking everything in a spirit of good faith, and out of curiosity, the victim handed over four bills of the \$20 variety, after which Miss Gypsy proceeded to tell his fortune. When the handkerchief was handed back, it contained but three 20's instead of the four of that denomination, and immediately the police were notified. The suspect was taken to the station where a thorough but fruitless search for the missing bill was made. Unable to find any evidence of theft on the part of the gypsy, she was released with the understanding that any suspicion of underhanded methods in the future would meet with a strict penalty.

LEGS PROTRUDED FROM SACK

Police Investigating Disappearance of American in Russia Hold Woman

Later Said She Saw Two Men Lugging Sack From Which Two Legs Protruded

MOSCOW, Nov. 7 (by the Associated Press).—The police at Simbirsk, who are investigating the disappearance three weeks ago of Philip J. Shield, American relief worker, are holding a woman who told them that late on the evening of Oct. 18 she saw two men lugging a sack from which two human legs protruded.

This information along with the announcement that the police are no longer dragging the Volga in the hope of finding Shield's body was received here by Col. William N. Haskell, head of the American relief forces, from Joseph Dalton, his representative at Simbirsk.

The woman, who was arrested, lives near the place where Shield's hat was found. In her deposition she wrote that when she was out walking late in the evening of the 18th she came upon two men standing near a sack that lay on the ground. She overheard one of the men say: "Shall we take it there or to the river?" and the other man answered: "Be careful—someone might hear you."

The authorities arrested the woman in the belief that she was an accessory. They declared the chances are seven to ten that Shield was murdered.

OFFICER IS HURLED FROM RUM CAR

PORTLAND, Me., Nov. 7.—A rum-running car, bearing 240 quarts of Scotch whiskey, was captured in the East Deering section of this city late yesterday afternoon after Deputy Sheriff Emerson H. Doughty was thrown from its rum and entered a smaller vehicle. One other man entered the rum runners' machine and it started to drive off. The deputy made a flying leap from his own car, as it drove alongside, and got a hold on the motor car bearing the rum, but was later hurled from it by the men.

The people who were left in the smaller car were questioned by deputies left at the scene. The two women gave names of Mrs. Plasted and Mrs. Fred C. Johnson, both of Princeton, Me. The driver gave the name of Herbert Martin of this city, a taxi driver.

They were left without guards by the remainder of the raiding party, who were anxious to learn the fate of Doughty, carried out of their sight. The trio escaped.

Doughty was later arrested and an attempt was being made during the night to locate the three missing men and the two women. Deputies value the seized liquor at \$2500 at prevailing bootleg prices here.

WARNING TO HOLDERS OF VICTORY NOTES

Warnings were issued today by leading banking houses in large cities of the United States, and also by chambers of commerce in numerous eastern cities, including Lowell, to holders of Victory notes soon to be redeemed by the government, asking investors to carefully guard their funds when they are returned to them with interest by Uncle Sam.

It was announced today that on Dec. 15 next, \$700,000,000 worth of 4½% Victory notes and \$300,000,000 worth of tax certificates against which the treasury will receive \$250,000,000 income and profit taxes, will be redeemed. When Victory notes were redeemed in 1919, a large number of investors were fleeced out of their money by illicit stock salesmen, promoters and others claiming to represent large investment interests, but who were afterward found to be "sharks" of the first waters. The warnings now issued to chambers of commerce and other civic organizations, is to prevent if possible the fleeing of innocent investors out of funds earned by loaning their moneys to the government in time of government need.

The redeeming of the Victory loan obligations has always been awaited by flim-flam men and investment "boomers" with too many victims suffering as a result of their activities.

NEURASTHENIA IS AMERICAN DISEASE

High Nervous Tension of Life Here Causes Much Nervous Debility

Neurasthenia is overdrawing your stock of nervous energy. People who are "living on their nerves" are on the road to it. Busy men, men who are overworked, men who worry how to make both ends meet are all liable to it. It is a typically American disease. Other peoples take more time and worry less.

Many forms of nervous troubles can be classified as neurasthenia and can be corrected by proper treatment. "I was melancholy and uneasy," says Mrs. Anna K. Lupton, of No. 19 Smith street, Portland, Me., "and I am sure that my blood was thin. I was tired all the time, my appetite was nearly gone and nothing tasted good. My sleep was disturbed and did not refresh me."

"My physician recommended Dr. Williams' Pink Pills and said they were just what I needed. I felt encouraged to give them a good trial and had not taken them long before I noticed an improvement in my condition. I felt better, ate better and slept better. My strength returned and I had more ambition. Dr. Williams' Pink Pills proved to be just the tonic I needed and I am so grateful for what they did for me that I have recommended them to many others."

If you are nervous, get a 60-cent box of Dr. Williams' Pink Pills from the nearest drug store and begin the treatment at once. Write the Dr. Williams Medicine Co., Schenectady, N. Y., for a copy of the helpful booklet on the home treatment of nervous disorders. Send no stamps nor money. It is free on request.—Adv.

MEDALS FOR GOLD STAR MOTHERS

Next Sunday evening in Liberty hall at the Memorial Auditorium, people of Lowell may pay homage to 130 of that glorious band of Gold Star mothers who gave of their own in the World war. At that time the gold medals purchased by the city for these women will be presented at exercises in keeping with the occasion, the actual presentations to be made by Mayor George H. Brown.

Although 160 of these Gold Star medals have been manufactured, only 130 mothers have been found in this list of honor, but should other names come to light there will be a sufficient number in case some have been overlooked. The medals have been struck off by the J. J. Chubb Co. and are artistically beautiful.

Women's Vote Appears Largest on Record

but between themselves and elected rulers who have fallen down on the job. These people are unorganized, and the best medium through which they can express themselves politically is the democratic party. And when they wish to express themselves through this party they should not work from the top to the bottom down, but from the bottom up. A democratic governor will not be able to accomplish all he wishes unless he has a democratic legislature, democratic congressmen, democratic state officers.

At Faneuil hall yesterday noon, when Mr. Fitzgerald stepped upon the platform, he was given a thunderous welcome.

"We are on the road to an overwhelming victory tomorrow, but don't vote for me unless you vote for Colonel Gaston, Mr. Bolger, Mrs. Cram and the entire democratic ticket," he said. He predicted that Col. Gaston would receive a plurality of 60,000 votes in Boston.

BOTH SIDES CLAIM VICTORY IN OHIO

COLUMBUS, Ohio, Nov. 7.—Fair weather and moderate temperatures which greeted Ohio voters as they went to the polls early today was expected by political observers to bring out at least a fair representation of Ohio's more than two million voters. Both republicans and democrats continued to claim victory by large majorities. In the contests for governor, United States senator, congressional seats and all state and county offices, and both proponents and opponents of the beer and light wines amendment to the state constitution expressed confidence that their endeavors would be rewarded with success.

BIG FIGHT FOR GOVERNOR OF PENN.

PHILADELPHIA, Nov. 7.—With fair weather generally predicted for the state, Pennsylvania's voters today were ready to select a governor, lieutenant governor, two United States senators, secretary of internal affairs and judge of the superior court. Chief interest was centered about the gubernatorial contest between Clifford Vinchot, republican, and John A. Maspurian, democrat.

POLLS OPEN IN SOME PLACES UNTIL 8 P. M.

BOSTON, Nov. 7.—The counting of the ballots in today's election will not begin in a number of Massachusetts cities until 8 o'clock tonight. Under the law, the polls must close not later than 8 p.m. New Bedford leads the cities in the matter of early closing, with the limit set at 2 p.m. In the towns, the election officials are empowered to close the polls at any hour if they are satisfied that all voters have had an opportunity to cast their ballots. In Rhode Island the polls close at 7 p.m. in the cities and at 8 p.m. in most of the towns, although one

town holds open until 8 p.m. In New Hampshire, the polls close at 5 p.m. in the cities and at the discretion of the election officials in the towns. Vermont closes the voting hours in both cities and towns; voting for members of the legislature ceases at 3 p.m. and for the state ticket, U. S. senators and congressmen at 5 p.m.

The closing time in Massachusetts cities is as follows:

Reed Has Big Fight On

Vote Early In Jersey
JERSEY CITY, N. J., Nov. 7.—Voters flocked to the polls early today, with the result that an unusually heavy vote was recorded up to 9:30 o'clock this morning. Many women accompanied their male relatives and friends to the polls and voted.

ELECTION DAY WEATHER
NEW YORK, Nov. 7.—Clear election weather prevails throughout most of the northeastern states, the government weather bureau here reported today.

Boston, Portland and New Haven were the exceptions, where light rains were in progress, with prospects of clear weather later in the day.

Western New York state was reported cloudy, in some sections, but with a tendency to clear off. Clouds also hung over portions of eastern Pennsylvania, New Jersey and parts of New England.

Heavy Vote In Connecticut
NEW HAVEN, Conn., Nov. 7.—Party workers were confident that, in spite of rainy weather, the vote would be up to the expected mark. Republican and democratic leaders held to the previous claim of victory. The latter became bolder in their estimate and the former more conservative.

Big Vote In Far West
SAN FRANCISCO, Nov. 7.—A heavy vote was expected to be cast for the various federal and state candidates, constitutional amendments and initiative measures on the ballots of the region from the Rocky Mountains to the Pacific ocean. Unusually heavy registrations have been reported from most of the states.

"Sylpho-Nathol for sanitary housekeeping"

"Herbert's brother is a Sanitary Engineer. He has been all over the world cleaning up cities and towns where unsanitary conditions are liable to cause disease. He stayed with us over last Sunday.

"I wish every housekeeper in creation used Sylpho-Nathol like that," he said as he watched me sprinkle it into the garbage can, 'we'd have healthier homes."

"That's just one of the ways Sylpho-Nathol keeps us well," I laughed.

"Then I told him how Sylpho-Nathol goes into the mop-water; how I use it around bathroom fixtures and as a flush for the closet bowl; how Herbert sprinkles it around the cellar and in the attic—how it is poured regularly down the sink and refrigerator drains, to keep everything sweet and clean. He certainly did approve of both Sylpho-Nathol and my thorough methods."

Sylpho-Nathol is an effective, sanitary safeguard that has none of the objections most women have to ordinary disinfectants and deodorants. Sylpho-Nathol is pleasant to use. Its faint, friendly odor doesn't linger.

Sylpho-Nathol is safe to use. Though 4½ times stronger than carbolic acid, it's as safe to have in the house as a cake of scouring soap.

Sylpho-Nathol is easy to use. Just a teaspoonful in a quart of warm water makes a clean-smelling, pearly-gray solution that's ready for immediate use.

Sylpho-Nathol comes in four handy sizes, 15c, 35c, 65c, \$1.25. Most good grocers and druggists have it. If yours hasn't, he can get it easily. Just ask for it by the name—"Sylpho-Nathol."

Everything is in readiness for the formal opening of the local polo season at the Crescent rink tonight, when the Lowell team, led by Fred Jean, will meet the Worcester outfit, piloted by Big Fred Jean.

JESSE BURKETT

Lowell back, was not in the lineup and a substitute was pulled in at the last moment. Despite the handicap the Lowell club gave the purple-clad athletes a stiff battle for two periods. In the final stanza, however, the home team ran away from the Lowell Grays.

Now that Mitchell is with the team, he is having a remarkable career. At Portland, Capt. Mitchell is confident of turning the tables on Big Fred's team. The game tonight at the Crescent will be a battle for two periods. In the final stanza, however, the home team ran away from the Lowell Grays.

The teams will lineup as follows:
LOWELL: Fred Jean, Fred Jean, Fred Jean, Fred Jean, Fred Jean, Fred Jean, Fred Jean, Fred Jean, Fred Jean, Fred Jean.
WORCESTER: Fred Jean, Fred Jean, Fred Jean, Fred Jean, Fred Jean, Fred Jean, Fred Jean, Fred Jean, Fred Jean, Fred Jean.

LOWELL DEFEATS PORTLAND, 5 TO 3

PORTLAND, Nov. 7.—The local polo season was formally opened here last night in Exposition hall, when the Lowell club, piloted by Fred Jean, defeated the Portland team in a bitterly contested game by the score of 5 to 3. The game was a battle all the way and the brilliant playing of the athletes was vigorously applauded by the large crowd that gathered to witness the contest.

There were 1600 people at the game and the enthusiasm displayed indicated a robust "come back" for polo in this city. The game was close all the way to the end, with the Lowell team leading at game time and Billy Vale was pressed into service on the rush line.

HARMON HARD HITTER

Adair's Opponent Said to Pack a Terrific Wallop—Boxing Notes

Barney Adair, termed by his manager, Leo P. Foley, as the "champion of the Pacific coast," is in great condition for his bout here on Thursday night, with Willie Harmon, the sensational Brooklyn boy, according to word from the famous New York fight manager.

Foley's message says: "Adair recently returned from a successful tour of the Pacific coast, where he piled up a long string of victories. Barney is a fighter who keeps busy all the time and invariably has the fans on their feet throughout a bout. In going against Harmon he will meet a young fellow who makes a terrific wallop and one who has plenty of stamina."

"The coming bout should be one of the best fights ever seen in Lowell and both boys are experienced battlers. Adair can punch hard and who can assimilate punishment if they have to. It is a long time since Adair has performed in Lowell, but it is true that he has greatly improved. Adair has boxed every good man of his weight in the country, including Jack Britton, Benny Leonard and Lew Tendler."

There is great interest in the semi-final number for Thursday night in which Leo Desrosiers of Nashua and Harry Foley of Dorchester will meet. The pair met a short time ago in Salem and after a hectic combat which went the distance, Desrosiers was awarded the decision.

Reports from the recent bout between Mike Castle of Lawrence and Chick Suggs of Newport fought at Salem last Friday night declare the Lawrence boy had it all over his opponent. Mike Castle was awarded the bout, Lawrence reports declare he was actually injured and will be obliged to rest up for several days.

Billy Henderson, manager of Eddie Shanks, an England welterweight champion, has been in Lowell, where he tried to sign up his protégé with the new welterweight champion, Billy Henderson. His efforts failed as the recent conqueror of Jack Britton, evidently intends to pick a few "soft ones" before risking his recently acquired title.

Shade Stops Perry
BOSTON, Nov. 7.—Dave Shade, California welterweight, won an easy victory over Jack Perry of Pittsburgh in a semi-final bout of the American welterweight championship fight at the Boston Athletic Association arena last night. Perry did so much clinching and so little fighting that the referee stopped the bout and declared Shade the winner.

Just previous to this action, Perry and Shade fell through the ropes. The former, wrenching his arm in his right hand, was unable to stand because of the pain. He was carried to his dressing room.

In the opening round, after they had been sparring about a minute, Shade hooked one to Perry's jaw with his left, dropping his rival to the mat for the count of six.

After that it looked as if Shade did not try hard to stop Perry. He jabbed him often and landed on the jaw, but there was not the force behind these punches that there was behind the one that put Perry down.

The next punch Perry landed was a left hook to the stomach that caused Shade to slip to his knees. As soon as Perry landed, he was hit, he clinched. The referee warned him, but he refused to stop. The referee stopped proceedings.

Pickles Martin of California, who met Willie Gradwell in the semi-final, landed a knockout blow in the eighth round. Gradwell got the decision at the end of the eight rounds.

At Shubert Wins
LAWRENCE, Nov. 7.—Al Shubert of New Bedford, defeated the champion of Chelsea in the main bout at the Economical A.C. show in city hall last night.

The championship of Waltham won the semi-final from "Gumbert" Jack of Lawrence in eight rounds, while Billy Nelson of Lowell won over Young Nelson of Lowell in seven rounds.

O. M. I. CADETS DEFEAT VISITING TEAM

The O. M. I. Cadets whitewashed the St. Anne's club of Manchester by the score of 35 to 0 on the North common Sunday afternoon. The contest was a one-sided affair, with the O. M. I. Cadets leading from start to finish. The game was played at the O. M. I. Cadets' home ground, and the visiting team was completely out of their element.

TWO COLLEGE FOOTBALL GAMES TODAY

NEW YORK, Nov. 7.—Two college football games are scheduled as election day attractions on New York high fields today.

The most important is an inter-collegiate affair between Louisiana State university and Rutgers at the latter's home ground. The other is between two Gotham rivals, New York university and Fordham, on the former's gridiron.

PONIES DEFEAT THE RIVERSIDES

In a close and exciting basketball game, played last night in the Lowell Boys club, the Ponies defeated the Riversides by the score of 14 to 10. The game was close all the way, the Ponies winning out in the last few minutes of play. At the end of the first half, the score stood at all ball, but the Riversides entered the second half with a determination to break the tie. The Riversides were handicapped in not having their first string players in condition for the game. Captain Peter Ripel was forced to watch his team's play from the sidelines during the latter part of the game. The Ponies, however, maintained their lead and defeated the Riversides by a score of 14 to 10.

Chicago Has Real Star in Thomas

CHICAGO'S STAR, JOHN THOMAS, TAKES HIM OUT

BY BILLY EVANS
John Thomas of the University of Chicago is the best punting back I have seen in years.

The much abused and also used little of the human battering ram certainly applies to Thomas.

Against Princeton John Thomas scored three touchdowns, all of the points made by Chicago. True, he received much needed aid from his line, which opened up the holes, but it was Thomas who made the plays.

Coach Stagg of Chicago uses Thomas in football much as does a baseball manager use a batter known for his pinch hitting ability. Thomas is the man invariably used by Chicago when it is in striking distance of the opposition's goal.

FOOTBALL

The Trojan Seconds would like to play the Gloucester Thirds, Humber Seconds, Floyd A.C. or any other 30-30 pound team in mid-October. Lowell, A.C. is wanted for Nov. 11 at Shedd park. Answer through this paper.

The Wilford Seconds of North Billerica wish to challenge Lowell teams weighing 150 pounds. Call North Billerica postoffice, or answer through this paper.

The Gloucester Thirds claim the 30-30 championship of the city and will defend their claim against all comers. The following players are requested to report for practice tonight: McKenzie, Frank, McManis, Clancy, Sousa, Charles, Curry, Loughran, Gargan, O'Malley and Gorman.

The reorganized Ponies will hold a special practice session at 6.15 this evening and all players are requested to be present. A number of important games have been scheduled for the remainder of the season and some hard practice will be put in in preparation for the big struggles. The following men are asked to report the evening of Nov. 12: C. Nugent, Lynch, Shea, McManis, Wiley, Bradbury, Whitley, O'Neil, Livingston, Tobin, McManis, Knight and all others wishing a tryout.

The Rainbows defeated the Floyd A.C. last Saturday by the score of 51 to 0. The Rainbows line held to advantage at dangerous lines and the backfield performed with its usual standard. Quinn and Buckley did good work for the Floyds. The Rainbows would like a game for next Saturday morning or afternoon. Please communicate with the manager, or answer through this paper.

The Warriors have an open date for next Sunday and would like to hear from the Stoughton team or the Uxbridge team. Call 2067 and ask for Ed. Killen. All players are asked to report for practice tomorrow night at 7 o'clock.

Coach Bezdek's Penn State Has Not Been Defeated in Three Years

Three years without a defeat. That is the unique record of Penn State. Penn State is coached by Hugo Bezdek, who gained football fame as a player at the University of Chicago.

Bezdek, who is now director of athletics at Penn State, has also coached in professional football. Four seasons ago he coached the Pittsburgh team of the National league with mediocre success.

His record in baseball in no way compares with that he has established as a football coach. It was on October 19, 1919, that Penn State suffered its last defeat, Dartmouth winning 13 to 13.

The remarkable record made by Penn State has not been made possible by a weak schedule. Of the 30 games played since the last defeat most of them have been against eleven like Pittsburgh, Cornell, Harvard, Navy, Dartmouth, Nebraska, Georgia Tech and Pennsylvania.

Of the 30 games played since the last defeat 25 have been victories. Penn State has been tied twice by Pittsburgh, once by Harvard, once by Syracuse and once by Lehigh.

The Harvard team, which ended in a 21 to 21 tie, will long live as one of the most successful games played in the era.

In the Penn State last a number of its great team of 1921 by graduation, notably Glen Killinger, Coach Bezdek hopes to keep his state coach.

Salley's Alley Wins \$97,347 For Owner

BALTIMORE, Nov. 7.—When Salley's Alley, Willis Sharpe Kilmer's track two-year-old filly, won the second division of the Pimlico futurity here last Saturday, she brought her total winnings for the year to \$97,347. Her share of the futurity was \$41,015. This figure far exceeds the mark set by Man O' War as a two-year-old.

Football Captain Beaten—Signals Stolen

BEATRICE, Neb., Nov. 7.—Glen Layton, captain of the Beatrice, Neb., high school football team was found unconscious in his automobile last night. Papers bearing the signals and outlines of plays had disappeared from his pockets. He evidently had been snugged. Beatrice is one of the two contenders for state high school football championship honors.

CAMPAIGNERS WORKING HARD TO RAISE DESIRED \$12,000

Report of Association's Activities Shows Organization Has Catered to Large Number of People—Physical Depart- ment is One Popular Spot for Visitors

The fact that the local Y.M.C.A. is right in the midst of a drive to raise \$12,000 for its maintenance fund of the year, brings this organization and what it is doing at the present time before the people.

At the present time the total receipts of the organization amount to \$41,958 per year, or about that figure. A balance of \$733 was on hand to start the year, which shows that the board of directors is conserving its funds in every way possible and that there are no unnecessary expenditures of money. The membership receipts amounted to \$11,500; rentals, \$17,500; boys' department, \$2,250; interest money from funds, \$2,100; bowling, billiards, socials, \$3,700; physical and musical, including sales of gymnastic supplies,

\$2,075; educational, keys, candy and telephone, \$1,960.

Against this amount the sum of \$53,958 was used in carrying on the work. This sum was divided as follows: general supervision including salaries, office supplies, clerical help and telephone, \$10,500; building, which included heat, light, power, janitors, matrons and repairs, \$21,078; physical department which included salaries, supplies and activities, \$8,075; boys' department, \$6,075; membership and social department which included advertising, bowling alleys, billiards and entertainments, \$3,700; religious, which included men's meetings and bible classes, \$700; educational and industrial, including classes, reading rooms and shop nights, \$750; keys, candy and other small articles, \$2,020. This shows a deficit of about \$12,000. It is for this reason that the organization appeals for aid.

A great many people who do not come in actual contact with the organization wonder just what the money is spent for and who derive benefits from it. The report shows that there are 951 members in the men's department and 345 boys in the boys' division which means a total membership of 1440. During the year 2350 different men and boys were members of the organization.

Physical Department Popular
The physical department attracts the greatest number of patrons. For men and boys, 675 classes were held with an attendance of 17,352. In addition to this, 3,300 attended the wrestling and boxing classes. Six athletic meets had a total attendance of 1100 entries. A special course of instruction was given in swimming this past summer, during which time 600 boys were taught to swim. It is estimated that 100,000 baths were taken by men and boys. In addition 2,172 non-members used the bathing privileges during the year.

The social department is another which is extremely popular with the members. A total of 135 socials, with an attendance of 5,600, was held in the men's division. A check of the number who availed themselves of the chance to play both pool and billiards. Twenty moving picture shows were held which were attended by 5,600 men. Men in uniform to the number of 1500 were given free service including baths and lodgings. The two big social events were the New Year's reception attended by 1,500 and the minstrel show attended by 650.

The Dormitory Reports
A report on the dormitories shows that 430 men used them, during which time 30 meetings were held, with a total attendance of 1140 dormitory men. Nearly 100 religious services were held during the year. There were 15 Sunday afternoon men's meetings, 10 meetings of the Fireside Bible class, dormitory breakfasts with religious messages, and 22 sessions of the Chinese Bible class, which had an average attendance of five Chinese. Nearly 7,000 men attended the other classes.

The industrial department has had a total attendance of nearly 10,000 men and women. More than 20,000 strings were bowled on the bowling alleys, four shop nights were attended by 4500 men and women, 2000 have attended the educational classes during the year and eight foremen's meetings had a total attendance of 450.

The boys' department was looked after pretty closely and much good was derived from the various meetings held there. The following statistics give an idea as to what was done: 850 boys were members during the year, 200 attended the building daily, 6875 boys attended free movies, 2750 boys attended Bible study groups, 50 religious talks were given with an attendance of 1500, city wide father and son activities were presented through the churches, 75 leaders attended Christian training conferences, 175 different boys served on different committees, 5500 boys attended the grammar school nights during the year, 75 boys raised \$1200 for boys' work at home and abroad during the year.

Governors Well Known
The board of governors this year contains a number of well known business men who have the work of the organization at heart and are as follows: Herbert W. Horne, president; D. M. Cameron, vice president; W. H. G. Wright, clerk; Ivan O. Small, treasurer; Louis A. Olney, Herbert J. Ball,

Olis W. Butler, C. F. Flannery, J. F. Flannery, A. F. French, W. T. Sheppard, S. H. Thompson, C. T. Upton, B. H. Wiggen, Woodbury K. Howe, Walter B. Clement, Abel R. Campbell, Harry A. Thompson, Charles H. Lowson, Harry G. Pollard, B. W. Clements, Henry H. Harter, H. T. Chickin Parker, David Dwyer and Walter W. Cleworth. All of these men are working hard to put over the \$12,000 drive and a report at tomorrow's luncheon is expected to bring out the fact that the amount has at least half been subscribed. At Monday's meeting nearly \$2000 was announced as donated.

ANOTHER EMBARGO IS ANNOUNCED

If it isn't one little thing or another, it's generally an embargo. Putting on embargoes is one of the best things the old B. & M. does nowadays. If the dispatches today indicate anything at all.

The Boston & Maine railroad announces issuance of "another" embargo—this time hitting all eastbound freight from points on and via the Canadian Pacific railroad for delivery to the B. & M. at Newport, Vt., and on eastbound carload freight from points on and via the Central Vermont railway for delivery to the B. & M. at any junction.

It is stated that the placing of this embargo does not interfere with the movement of cars now en route, but to the contrary will really facilitate the handling of cars in bulk, and that it is hoped that conditions will warrant removal of these restrictions at an early date.

Because of congestion existing in territory west of the B. & M. road, embargoes were quite generally issued some time ago by carriers in that territory against eastbound freight consigned into Boston & Maine territory via the Hudson river gateway.

This condition has resulted in an abnormal traffic flow via this company's northern connections. During the past six weeks the B. & M. has handled from connections in that territory into Boston & Maine territory via the Hudson river gateway.

From six to eight and nine "extra" freights in "long strings" are now being handled regularly each day and Sunday over the Old Colony line via Framingham and Lowell for direct forwarding to northern and southern points.

ACTRESS TELLS SECRET

**Tells How to Darken Gray Hair
With a Home-Made Mixture**

Jolery Williams, the well known American actress, recently made the following statement about gray hair and how to darken it, with a home-made mixture:

"Anyone can prepare a simple mixture at home that will gradually darken gray, streaked or faded hair, and make it soft and glossy. To a half-pint of water add 1 ounce of bay rum, a small box of Barbo Compound, and 4 ounce of glycerine.

These ingredients can be bought at any drug store at very little cost. Apply to the hair twice a week until the desired shade is obtained. This will make a gray-haired person look 20 years younger. It does not color the scalp, is not sticky or greasy and does not rub off."—Adv.

A GUARANTEE OF QUALITY

GUARDIANS OF THE PUBLIC HEALTH

Long before the days when one could step into a drug store and buy a medicine, already compounded and neatly packaged, many of the fine old New England physicians were using in the treatment of their cases the same remedies which now are sold under the Winsol trademark.

For more than three-quarters of a century the medicinal preparations made by B. O. & G. C. Wilson have been safeguarding the health of New England—

And the reason you can buy these splendid medicines in any drug store today is because they proved so unfaithfully helpful that the story of the effect of their use spread from one person to another, creating a demand for them that has grown rapidly with the years.

As far back as 1845, when the drug business of B. O. & G. C. Wilson was housed in a small store in Central Street, Boston, people sent from all over New England to this little shop for the goods the Wilsons prepared so skillfully from the formulas which, even then, physicians had been using successfully for 25 years. Physicians today are prescribing the Winsol remedies they have always found so beneficial.

Before the Massachusetts State Board of Health established its present well-equipped laboratory, powdered drugs prepared by the founders of the Winsol business were adopted as the State standard of purity. This distinction was peculiar and significant in that it was enjoyed by no other house.

And, when the United States Pure Food and Drug Act went into effect in 1906, to meet the new requirements, not a single change in B. O. & G. C. Wilson preparations or labels had to be made. Winsol products could not be better or purer than they already were.

Now, druggists everywhere sell these same remedies—which members of the third and fourth generations of the Wilson family still compound according to the old, time-tested formulae, and with the same care that earned so remarkable a reputation for B. O. & G. C. Wilson products in bygone days.

When you want a tonic, liniment, cough syrup, toilet goods, a hot water bottle, or any drug specially, insist on Winsol products. They are absolutely guaranteed by a house known for over three-quarters of a century for the purity, high quality and proven efficacy of its medicinal preparations, and for fair and square dealings in every transaction.

Every Home Medicine Chest Should Contain Neuropathic Drops

One of the famous Winsol preparations which had been used in a physician's private practice for 25 years before it was prepared in quantity by B. O. & G. C. Wilson and placed at the disposal of the public. And it has been known and used by the public in England, Canada, Australia and the United States for seventy-five years or more.

There should be a bottle of Neuropathic Drops in every home, for it is a powerful, quick acting stimulant, made from the finest vegetable drugs, and absolutely free from opium and other narcotics or harmful drugs.

Neuropathic Drops will break up a cold and prevent grippe, influenza and pneumonia. Used both externally and internally, it is an excellent remedy for sore throat. It quickly and safely relieves colic, cramps, etc. Applied externally to burns, it removes the fire and sting in a few minutes, and prevents blistering.

It gives immediate relief from the pain and irritation of ivy poisoning and insect stings; helps heal indolent sores, is an unexcelled liniment for sprains, strains and bruises. In fact, wherever inflammation is present in any form, Neuropathic Drops is an ideal remedy, and has justly been called "the remedy of a hundred uses."

Sanalt---The Sensible Tonic

Physicians generally acknowledge that 95% of human ailments is caused by intestinal toxemia, or auto-intoxication—the absorption into the blood-stream of poisonous substances which should have been eliminated from the system.

The continued absorption of these poisons ultimately causes Arterio Sclerosis (hardening of the arteries), rheumatism, Bright's Disease and diabetes. But Sanalt, by gently removing the cause, has eliminated many of the ills caused by long standing cases of intestinal poisoning. Sanalt is another of the Winsol preparations with nearly a century of cures to its credit.

Being compounded of the most valuable vegetable alternatives known to medical science, Sanalt acts on both the secretive and excretive organs, stimulating digestion and assimilation of food, and elimination of harmful waste matter, thus cleansing and purifying the blood and thoroughly revitalizing the body.

Cerizane Balsam---for Coughs

Not a syrup, but a balsam which aids expectoration, relieves the feeling of tightness in the chest, removes congestion from the lungs and imparts strength and tone. Healing and soothing. Contains no opiates, narcotics nor other harmful drugs.

To Test for Yourself the Efficacy of Winsol Medicines, We Will Send You, Free, a Sample Bottle of Neuropathic Drops

That you may judge for yourself, at first hand, by actual test in your own home, whether the claims we make for Winsol products are true—that you may have personal evidence that Winsol medicines are effective and quick to relieve, we will send you, without charge, postage paid, a sample bottle of Neuropathic Drops, in return for this coupon, or a post card or letter giving your druggist's name.

Use the Drops as directed on the sample package, for any accident or ailment mentioned therein. Then judge any Winsol product by the result of your test of this one member of the Winsol line. Send for this free sample today, and keep it handy in case of need.

B. O. & G. C. WILSON, Inc., 192 Cambridge Street, BOSTON, MASS.

Winsol remedies contain no opiates, narcotics nor harmful drugs. Winsol means—your satisfaction or your money back.

BLOOD WAS SPILLED IN THIS CLASH OF NAKED STEEL

Two of the most famous swordsmen in Italy are shown here fighting with unguarded rapiers. The bout ended when Sasfoue (left) received a thrust in the left shoulder. The winner was Aurelio Greco. Contestants in these bouts fence with bare arms and the swords are lowered as soon as blood is drawn.

Negro Boy Is Called World's Best Cop

By ROY GIBBONS

N.E.A. Staff Correspondent
CHICAGO, Nov. 6.—Best traffic cop in the world!

That's what Chicago police call Harold Craft, 14-year-old colored boy who's a member of the city's safety patrol.

This organization, composed entirely of grammar school pupils, has been saving the lives of public school children for over a year.

But to get back to Harold. He weighs just 75 pounds and can scarcely be seen over the top of a drinking fountain.

Yet with all the grace and dignity of a full-fledged bluecoat, he stops trucks and limousines alike while doing duty on the avenue near his school.

To see Harold work is a charm. "Natural-born traffic man" is the way the district superintendent of police speaks of him.

"Just Like Cop"

With a majestic wave of his right arm, to which has been affixed the regulation blue safety patrol emblem, Harold holds back a half-mile of traffic while some youngster scoots home across the street, just as though the matter were an everyday occurrence to him.

In fact, Harold has become such an adept traffic regular that his captain has moved him out to a boulevard post. "I may be just a cop," he says. "But when I put up this here arm"—and he indicated the arm with the blue emblem pinned to it—"those autos, they stop. Not one of them gets by this chicken."

Harold has been serving as a Safety Patrol officer ever since the Safety

Patrol was organized over a year ago.

Wouldn't He Be Captain

Promotion to the grade of captain has repeatedly been offered him because of his evident fitness for the work. But Harold just as often declines, explaining that he'd much prefer being just a plain cop for reasons which he considered good and sufficient.

"I don't want to be a captain," he said. "Because then I'd have too much figuring and report making to do. Being a cop is better. I likes to stop these critter cars on the boulevard."

POSTMASTER A SUICIDE

FARMINGTON, Me., Nov. 6.—Postmaster Arthur E. Allen of Hiley, was not killed and robbed, as at first supposed when his body was found in a field, not far from his automobile, beside the road between Jay and Livermore Falls on Oct. 27, but committed suicide, in the opinion of Franklin County officials, who completed their investigation and announced this decision today.

TO WATCH FOR FRAUDS

NEW YORK, Nov. 6.—Abraham S. Gilbert, special deputy attorney general assigned to be on the watch for possible election frauds, announced today that squads of college students, principally from the law school of Columbia, investigators, were to be distributed tomorrow in district polling places throughout the greater city.

"STRONG ARM METHODS"

ALBANY, N. Y., Nov. 6.—"A covert bids to the police to resort to strong arm methods" was Gov. Miller's characterization today to a letter sent to Police Commissioner Enright of New York by Mayor Hylan yesterday directing that the police permit no undue delay or interference by watchers at the polls tomorrow.

UPHOLDS STATE DRY ACT

PROVIDENCE, R. I., Nov. 6.—More than 400 appealed liquor cases are affected by a decision of the supreme court today upholding the Sherwood state prohibition enforcement act. The court ruled that the loss of a near-beer amendment by house or senate clerks in no way affected the act's validity.

Catarrh

Quickly Ended by a Plesant Germ-Killing Antiseptic

The little Hyomel Inhaler is made of hard rubber and can easily be carried in pocket or purse. It will last a lifetime.

Into this inhaler pour a few drops of magical Hyomel.

This is absorbed by the antiseptic gauze within and now you are ready to breathe it in over the germ-infested membrane where it will speedily begin its work of killing catarrh germs. Hyomel is made of Australian eucalyptus combined with other antiseptics and is very pleasant to breathe.

It is guaranteed to end catarrh, bronchitis, sore throat, croup, coughs and colds or money back. It cleans out a stuffed-up head in two minutes. Sold by druggists everywhere.—Adv.

NEW HOTEL COMMITTEE

Chamber of Commerce Committee Plans Special Meeting—Chamber News

A special meeting of the new hotel committee of the Lowell chamber of commerce will be held Tuesday afternoon, Nov. 10, at 2:30 o'clock, when the members will be addressed by a man (name to be announced) interested in the project of the erection of a new hotel in Lowell.

The chamber will announce the names of the special hotel committee soon. The selections are not yet complete, although the work of interviewing prospective members has been carried on actively since the proposition was suggested more than two weeks ago. The Nov. 10 meeting will be the new committee's "first."

At yesterday's monthly meeting of the directors, the activities of the Lowell Choral society were approved and progress was reported on the sale of tickets for the coming concert. The chamber feels that this organization should have the warmest kind of support and is assured that many Lowell citizens are beginning to take a deep interest in the success of the present undertaking.

City Engineer Stephen Kearney addressed the chamber members after luncheon, presenting a detailed report of the activities of the board of public service during the past month, and also outlined work for 1923. The report was highly interesting to the members of the chamber, the amount of work done this year being more extensive in area covered.

At the chamber membership dinner, Dec. 20, the speaker will be Herbert Adams Gibbons, who will give a 30-minute talk on community work. Mr. Gibbons was one of the speakers at the annual banquet of the organization last winter.

A letter was received from the Sixth Massachusetts Regiment association, thanking Lowell for its interest in the veterans and expressing appreciation for Lowell's effort to have the next convention of the command held here at the new Memorial Auditorium. The letter also contained a tribute to Lowell men who fought in "the old Sixth."

A committee from the Lowell chamber will meet with Lawrence chamber officials Monday evening, Nov. 18, to discuss having the river and between the two cities kept open for traffic after all severe snow storms during the winter. The work was well taken care of two years ago, but nothing was done last season.

ROME, Nov. 6. (By the Associated Press).—Count Sforza, Italian ambassador to France, was the object of a hostile demonstration by Fascists when he arrived at Bussolengo, in the province of Turin, on the Italian frontier, while returning to Rome for a conference with the new premier, Mussolini. The Fascist detachment the carriage in which the count was riding from the train but carabinieri rushed in and rescued him.

Chalmers and Maxwell Cos. to Merge

DETROIT, Nov. 6.—Formal merger of the Chalmers Motor Co., and the Maxwell Motor Co., here was regarded in local business circles today as a possibility following the naming by Federal Judge Arthur J. Tuttle of D. E. Hutchinson, secretary of the Maxwell Co., as receiver for the Chalmers Co. Judge Tuttle announced that the sale of the Chalmers Co., probably would take place in December.

To Face Many Charges of Burglary

BIDDEFORD, Me., Nov. 6.—Rex W. Stevens, 20, of Norridgewock, Me., and Walter W. Craig, 27, of Stafford Springs, Conn., were committed to jail in default of bail today on a charge of breaking into the cottage of Wilmont Sanborn at Old Orchard. Both, the police say, admit they recently escaped from the Shirley, Mass., reformatory. Twenty other charges of burglary are to be made against them.

Rebel Leaders Appeal For Amnesty

EL PASO, Tex., Nov. 6.—Gen. Rosalia Hernandez and Gen. Lucas Horcasitas, rebel leaders who were followers of Gen. Francisco Murguia, executed at Santa Catarina de Tepehuatlan, Durango, Nov. 1, have appealed to Gen. J. G. Escobar, former Juarez garrison commander, for amnesty if they agree to surrender, it was learned here today. The rebel leaders are said to be in the vicinity of Canon del Carmen in Coahuila.

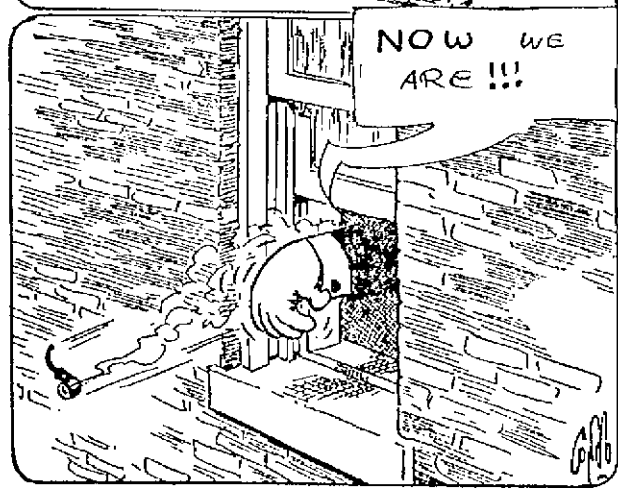

Ex-Congressman Guilty of Conspiracy

BALTIMORE, Nov. 6.—Harry B. Wolf, well known criminal lawyer and former congressman, today was found guilty of conspiracy to obstruct justice in connection with the kidnap and murder of William B. Norris at Park avenue and Madison street, Aug. 18 last.

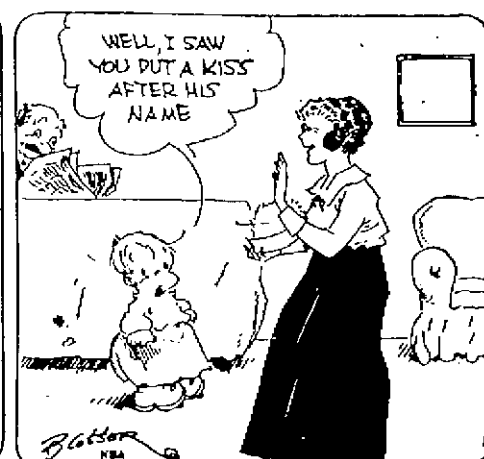

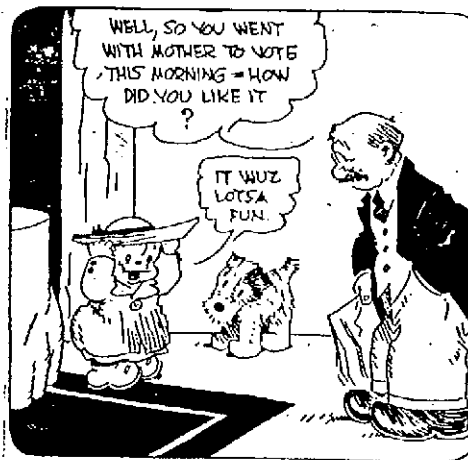

Contribute to Greek Refugee Fund

ATHENS, Nov. 6.—The gift by Princess Anastasia, the former Mrs. William B. Leeds of 500,000 drachma to the Greek refugee fund, and of 2,000,000 drachma by Sir Basil Zaharoff, the international banker, for the same purpose, was announced today.

Jack Daw at Sea! Chapter 3

All night long Flip had remained awake and kept watch over his master. It was just at dawn when Jack awoke. He stood up and rubbed his eyes. Then, upon looking around, he was somewhat startled. His raft had drifted out of sight of land. "This is a real adventure," thought Jack.

When the usual breakfast hour rolled around Jack grew hungry. He took a few crackers out of his knapsack and divided them with Flip. Suddenly the dog started to bark at the water. Jack looked down and saw a school of fish. He hurriedly grabbed a fish line and threw it in.

In just a few minutes there came a nibble. "I'll hook a fish in a jiffy," shouted Jack. Then Flip's barking made him look up. A few hundred yards away was a great ocean boat. Somebody was waving at Jack. And a small boat, with two men in it, was nearing the raft. Continued.

Adventures of the Twins

MOTHER GOOSE'S DROOM

GLOVES N. LEGGINS LOOKED OVER THE QUEER LITTLE CAR-
AND SAID IT WAS AS GOOD AS EVER

You'll never believe it, I'm sure, but at last Nancy and Nick reached the fairy queen's palace in the magic automobile. The magic pill that Light Fingers dropped into the gasoline tank (making the car go backward) was the last of their troubles, for the Green Wizard stuck out his tongue and turned the car around, and although it was still going backward, it soon arrived at the fairy queen's palace. You should have been there to hear the rejoicing when the twins appeared sound and well and happy as harlequins (if you know what that is, although Nancy would have to be a clowning, being a girl). All the queen's councillors stood around and helped them out, while the new chauffeur, called Gloves N. Leggins, looked over the queer little car and said it was as good as new. All he needed to do, he said, was to fix the fuses and mend the things that bob and straighten the whistles and patch the tires and replace the engine and send away for a new top. Outside of that everything was all right. The fairy queen was so happy to have Nancy and Nick back safely that she made them a present of the green shoes. "Before that, you know, she had only looked them to death," said she. "And now, my little friends," said she, "would you like to rest, or go at once on another adventure?" "Another adventure?" cried both children at once. "Well, then," answered her royal highness, "I have one all ready. Mother Goose has lost her broom and doesn't know where to find it." AMERICAN LEGION POST

Lieut. Col. Stevens Just Back
From War Area Addresses
Local Post

Lowell Post, 87, American Legion, held its regular meeting in Memorial hall last night. Commander Garrity presided and after a short business session, he introduced Lieut. Col. Chas. A. Stevens, who served as adjutant of the 26th division during the war. The colonel has just returned from a trip to the war area and his talk of Salinas, Toul, Chateau Thierry, Verdun and St. Michel revived many memories in the minds of those present. A rising vote of thanks was extended Col. Stevens when he presented the post with a beautiful 16 by 10 American flag.

Reports on the coming Armistice ball, which is to be held in the Auditorium, Armistice eve, were read. Rising notes of thanks were accorded Griffiths, the florist, for his contribution of the floral decorations, and also to merchants who have mentioned the ball in their advertisements.

Although definite arrangements are not yet made it is expected that the military band will give music at the Auditorium in addition to the orchestra on the night of the ball. No band has yet been selected but the committee feels that enough money has been obtained to put on this added feature.

On Thursday night the ball committee will have a meeting in the Veterans' wing of the Auditorium. The wing is being decorated for coming occasions and much of the furniture has been installed. It is expected that the Legion will hold its meeting in the Auditorium in the near future.

In connection with the ball there is a display of war relics and other things of interest connected with the war in the window of Adams Hardware company. The exhibit is the property of Arthur Messier and Patrick O'Leary.

Nominations of officers for the coming year were next in order, and following were chosen to contest for the various positions:

Commander, Joseph A. Malloy and Eli R. Hart; senior vice commander, Collin C. Macdonald; junior vice commander, William L. Loney; Joseph Dineen; treasurer, Joseph Dineen; historian, Thomas B. Higgins; unpaid; post chaplain, Rev. William J. Mahan; unpaid.

The election will take place at the first meeting in December.

APPLICATION OF LLOYD DENIED

WASHINGTON, Nov. 7.—Associate Justice Sutherland today denied the application of William Bross Lloyd and 17 other members of the crew, which would bring the supreme court for review their conviction in Illinois on the charge of conspiracy to violate the state sedition law of 1919.

EX-U. S. SENATOR BULKELEY DEAD

HARTFORD, Nov. 7.—Morgan Gardner Bulkeley, president of the Aetna Life Insurance company since 1879, mayor of Hartford from 1880 to 1885, governor of Connecticut from 1893 to 1895, and United States senator from 1905 to 1911, died at his home here last night, after an illness of three weeks. He was born in East Haddam, December 26, 1837.

Chamber of commerce officials today received notice of a meeting of changing secretaries from New England points, to be held in Portland, Me., on Nov. 10 and 11. Lowell will probably be represented at the meeting.

The regular monthly meeting of the Teachers' organization will be held Wednesday, Nov. 8, at 115 p. m. in Liberty hall. Mr. and Mrs. George Mignone, cellist and pianist, will give a musical. The public is invited.

Under the auspices of the Women's Research club, a musicale of unusual merit was given this afternoon at the home of Mrs. Fred Jones, 282 Paw-tucket street. The program consisted of selections by the quartet of the Grace church, assisted by Miss Grace Gilman, soprano, Miss Mary Margaret Martin was the accompanist.

MATRIMONIAL

Mr. John Henry Green and Miss Marie Margaret Lundgren were married Saturday at the parsonage of the Swedish Lutheran church, the ceremony being performed by Rev. P. E. Norberg. The couple were attended by Mr. and Mrs. John A. Hedstrom. They will make their home at 2 Roper street.

Grant-Jewett

The marriage of Mr. James T. Grant and Miss Gladys A. Jewett took place Saturday at the parsonage of the Unitarian church, the ceremony being performed by Rev. Dr. C. E. Fisher. The couple will make their home in this city.

Duffy-Mungovan

A very pretty fall wedding took place this morning at St. Peter's church, when a nuptial mass celebrated at 9 o'clock by Rev. Peter T. Linehan, Mr. Thomas Duffy, a member of the hardware firm of Duffy Bros. in Bridge street and Miss Josephine Mungovan, a well known young resident of this city, were united in the bonds of matrimony. The bride was attired in white satin with tulle veil and carried a basket of roses. At the close of the ceremony a brief reception was held at the home of the bride, 31 Leverett street, followed by the serving of a buffet luncheon. Mr. and Mrs. Duffy left at noon on an extended automobile honeymoon trip. After Dec. 1 they will be at home to their friends at 688 Lakewood avenue. The ushers at the church and house were Fred G. Leary, John F. Salmon, Gerald and Edward Duffy.

BODY OF UNKNOWN MAN TAKEN FROM RIVER

The body of the man found floating in the Merrimack river last evening and which is now at the morgue of Undertaker George W. Healey at 235 Westford street, has not yet been identified, although it is believed the remains are those of John Calvin of Boston. The body was found floating near the shore a short distance from the railroad station in Tyngsboro, by Officer H. A. Gagnon and was pulled to shore by the officer and Station Agent Roland Curtis. Medical Examiner J. H. Gagnon was notified and after viewing the body, ordered it removed to the Healey establishment. The body is described as that of a man about 40 years of age, five feet, four inches tall, with dark hair and mustache. The clothing consists of a dark suit, soft felt hat, new black shoes and stockings. The man had a collar on and bore a fresh wound on his cheek, which may have been caused by a fall or by contact with something in the water.

NOTHING LEFT FOR THE RAINY DAY

Leaving South Boston early this morning with Manchester, N. H., as his objective, Patrick Cronin, 52, stopped over at the local police station and at Supt. Atkinson's that he was traveling to the New Hampshire city on foot. If he had to, he said, he would have to make his way in the only remaining relatives he had in the world, and with whom, he expected, to receive shelter for the cold winter months. The aged gentleman presented a pathetic appearance as he sat talking to the chief of police, telling of his experiences in the Boston of days gone by. He has made his home in the Hub for the past 55 years, and while he regretted leaving his old associates, circumstances demanded it, he said. He got a ride on a truck from Boston to Lowell.

Mr. Cronin, before he became weak and feeble, was a carpenter by trade, and was never sick in his life. Today his feet are causing him trouble, but he doesn't complain. His sole wish this morning was to get to Manchester, and when he called on the chief of police, he was attempting to walk the distance, called a police chauffeur, bought a railroad ticket, and sent his interesting visitor on his way in luxury.

WILL HAVE TO WAIT FOR THEIR PAY

A number of merchants in the city and a number of departments connected with the city will not have bills, submitted this week, approved by the purchasing agent and consequently they will not be paid before the 15th of next month.

This is in accordance with a statement given out today by Purchasing Agent Donohue, who said that the merchants and others did not live up to the rules of his department, they had no one to blame but themselves.

About three weeks ago the merchants and departments were notified that all bills and receipts for goods had to be in by the third of the month on which payments were expected. The merchants were notified that bills had to be in by the first and the departments that all receipts for goods received had to be in the purchasing agent's office not later than the third. He says that some neglected to comply with these orders and therefore the bills and receipts are being set aside until next month. Mr. Donohue explained that there was no reason in the world why department heads could not get in receipts to his office a few days after goods were received.

REORGANIZATION OF SOUTH END CLUB

At a meeting of the organizers of the new South End club held Sunday afternoon in Eiks' hall with a large attendance, committees were appointed to bring in a list of officers for nomination and also look up suitable permanent quarters. Paul Roane acted as chairman of the meeting. The club promoters will meet again tonight in the Father John's building at 337 Central street, and a large attendance is expected. All old members of the old club are asked to join the new organization.

THREATENED STRIKE AVERTED IN PARIS

PARIS, Nov. 7.—(By the Associated Press) The threatened strike of gas workers in Paris has apparently been averted. All the employees of the four affected plants reported for work this morning.

The trouble arose through the deduction from employees wages of sufficient money to meet their income tax in accordance with the law. The extremists in the labor federation proclaim their intention of resuming agitation against the taxation of salaries within two weeks.

PARIS MAY BE WITHOUT GAS

PARIS, Nov. 7.—(By the Associated Press) Paris and the suburbs may be without gas tonight, all on account of a cashier deducting from the wages of three employees sufficient money to meet the tax upon their incomes. The employees having refused to pay the money being deducted, the cashier was acting in accordance with law, but in protest against his action, the employees in six gas works have gone on strike.

A CONNECTION

In connection with the item of police news relative to young men arrested in Dracut on the charge of stealing automobile accessories, it was inadvertently stated that stolen articles were found at the home of Joseph G. Delaney in Dracut. That statement was incorrect. The Delaney home was not searched by the police and of course no stolen articles were found there.

MANY CASES CONTINUED IN DISTRICT COURT

This morning's session of the district court was abbreviated somewhat by the continuation of several important cases, which otherwise would consume much time. A continuance to Nov. 19 was granted John E. Anderson and Mohamed Ahmed, both of whom are charged with illegal keeping. For the same offense, George Bussanans was granted a continuance of 10 days, pending an analysis of the seized liquor.

Jim Pappas, alias Costa Domingas, charged with larceny, had his case continued until Nov. 17. He was released under bonds of \$500. A continuance to Nov. 14 was granted Joseph Perreira on an assault and battery charge.

Charles Brunelle, for assault and battery on his wife, pleaded guilty and was given a three months' sentence to the house of correction, suspended for one year.

Andrew Gorman pleaded guilty to drunkenness and was sentenced to serve one month in the house of correction.

Stavros Singelakis pleaded guilty to illegal keeping and appealed a \$150 fine and a sentence of three months to the house of correction. He furnished bonds of \$300.

For operating an automobile while under the influence of liquor, Aldebe Provencier was given the minimum fine of \$25. A drunkenness charge was placed on file.

LOST \$25,000 PEARL NECKLACE IN BOSTON

BOSTON, Nov. 7.—The loss of a pearl necklace valued at \$25,000, by Mrs. Frederick Winthrop of Framilton and Boston during a shopping trip here last week was reported to the police today.

To Open Sealed Bids For Hog Island

WASHINGTON, Nov. 7.—Plans to finally close out the government's interest in the Hog Island Shipyard at Philadelphia have been completed by the shipping board, which will open sealed bids for the real estate and improvements on January 30. Surplus materials stored there already have been sold.

Yardmaster Killed, Four Others Injured

CINCINNATI, Nov. 7.—Frank E. McGee, 63 years old, general yardmaster of the Pennsylvania railroad was killed and four other persons were slightly injured today when the Morrow, Ohio, accommodation train of the Pennsylvania lines ran into the rear end of the Richmond, Ind., accommodation on the Grand Rapids and Indiana railroad which had stopped at the eastern approach of the Pennsylvania depot here.

Release of British Schooner Ordered

WASHINGTON, Nov. 7.—Release of the British schooner Buena, seized Sept. 14 with liquor aboard outside the three mile limit was authorized today by the treasury. A review of the facts by the state department is understood to have failed to develop any evidence that the vessel was using its small boats for bringing liquor within American territorial waters.

Ex-Kaiser's Memoirs Seven Cents a Copy

BERLIN, Nov. 7.—Americans in Berlin today were buying former kaiser William's memoirs, handsomely bound in cloth, for seven cents a copy. The volume, which is making its first appearance in the book stores, is issued in a good quality of linen paper, with substantial covers.

Sam Thompson, Old Ball Player, Dead

DETROIT, Nov. 7.—Sam Thompson, a member of the old Detroit National league baseball team and one of the best known baseball players of earlier days, died at his home here today. Thompson, who was 62 years of age, was an outfielder with the Detroit club in 1887, when the team won the world's championship. During his ball playing days, Thompson ranked as one of the heaviest hitters of his time.

Candidate For Representative Dies

PROVINCETOWN, Nov. 7.—Jerome S. Smith, republican representative in the state legislature from the third Barnstable district and a candidate for re-election, died at his home here last night after a short illness. He had served eleven years in the legislature. He was 72 years old.

\$100,000 Loss By Fire at Sandwich

SANDWICH, Nov. 7.—The summer residence of John A. Hansen, president of the Standard Presses Steel Co., of Pittsburgh, Pa., was destroyed by fire early today. The loss was estimated at \$100,000. Mr. Hansen had planned to spend a few days there this week.
